

Sol-Ark 15K's Are Being Installed Around The Country.

Installers: talk to your preferred distributor today to order yours. **Homeowners:** find an installer near you to get started with the installation process!

Extended Support Hours!

We are now available from 7AM-7PM CST (English and Spanish). As we've extended to LatAm regions, we have increased our Solar Engineering team size and capabilities to better serve our installers.

Q2-2022

NEW TRAINING WALL

Certified training program is in progress now. Book your live training with Sol-Ark today. Schedule with training@sol-ark.com. Our onsite training wall makes it easy to practice any configuration before going live with your customers.

Q2-2022

TRADE SHOWS

RE + SPI is Sept 19-22
in Anaheim, CA

Introducing new products at booth #3638. Learn how to incorporate these into your business. You will be amazed!
Check our [Trade Show Schedule](#) for future events.

Q2-2022
